THE BROWN-DURHAM TRIAL.

Long before the hour set for the examination of Brown and Durham, the court house was filled with spectators who seemed to be anxious to get a look at the prisoners. About 10 o'clock they were brought in by Sheriff Forstmyer and Constable Weick. Brown is a man of medium size with a complexion bordering on the sandy, while Durham is a man of about the same size with black hair and eyes and a dark skin. When order was called in the court room, States Attorney Buckingham moved for a continuance. The motion was stoutly resisted by Thomas Lee, Esq., who urged that as this was the third appearance of Durham before Justice Wood he should not grant another continuance in his case. After considerable discussion a continuance was granted for five days as to Brown, and in the case of Durham a change of venue was taken to Justice Albert.

Some time was spent in looking up his Honor, and in the meantime his office and the stairway leading to it were thronged with a surging crowd. Soon the Justice entered his office, and after a little sparring between counsel, the case was continued as to Durham to Thursday next.

Mr. Lee declared his purpose to bring his clients before Judge Nelson this evening on a writ of habeas corpus.

THE SUBSTANCE of that telegram received by Mayor Priest to-day from the Chicago policeman who is said to have arrested Brown at that place finding on his person \$181, in answer to a photograph and general description of the prisoner, is to the effect that the policeman can not positively say that he is the same man.

The policeman says he will be here on Thursday, when he will be able to tell whether or not he is the same man he arrested.

REVIVAL SERVICES AT STAFF'S CHAPEL.—The revival work at this church has steadily grown in interest during the week. Since Wednesday night seven young ladies, who promise usefulness in the church have been converted. The pastor said the other night, that with this state of things, it would be impossible to close the meetings. From present indications the revival at Staff's Chapel bids fair to prove the deepest religious that has been witnessed in Decatur for years.

I'll kick the kernel from its socket,

Literary Exercises and Discussion at the High School Building last night.

There were several choice seats to spare at the meeting of the Philomathean society last evening, in the High School building. Doubtless the "cold snap" kept many away who have been in the habit of attending, or possibly the members were a little chary in extending invitations. President Bering and Secretary Ehrman graced the rostrum, and Messrs. Goodwin, Randolph, Moore, Carter, Hillman, Ewing, Miss Lizzie Lukens and several more timid members, had more or less to say in the disposition of business before the society. Minnie Murphy and Dollie Malone were voted in as new members. Minnie Brown read "Deacon Thrush in Meetin'," splendidly, and Ed. Hellman read "Three Days in the Life of Columbus."

Among the questions proposed for discussion at the next meeting were the following: That Women should be allowed to vote; that church property should be taxed; that the crusade exerted a beneficial effect in Europe; that the late rebellion did more harm than good to this country; that our nooning system be abolished; that a general war in Europe would be to the general interest of America. All were promptly voted down except the last named, which was adopted.

On motion, Goodwin, Andrews and Martin were appointed to look after 65 cents that had been collected at a previous meeting which was yet outstanding in the purse of some member of the society. The question, "That cremation is preferable to our present mode of burial," was then discussed and decided in the affirmative.

The mortgage sale of horses and farming implements, which took place in front of the court house this afternoon, was advertised in the Daily Republican, and the fact that about 500 "solid men" were present long before the sale commenced shows conclusively that it pays big to advertise in a paper that everybody reads.

The but masque at Turner hall last night, was an occasion of superlative social enjoyment to all present. The Turners all have a "flowy time," and it is so in every city. Prof. Wilhelmy's orchestra furnished the music, and the attendance was fair.

All young men are urgently requested to attend the young men's prayer meeting this evening and every night next week, from 7 to 8 o'clock, in the infant class room of the First M. E. church.

Use it in time and prevent serious bronchial trouble. Sold by S. M. Irwin, the Live Druggist. Feb. 13-d&w1
